Salem, Oregon 97302

ATTENTION: Mr. Brandon Bertsch

SUBJECT: Official Request for Approval as a Forced Entry and Ballistic Resistance (FE/BR) Test Facility for Department of State

The Bureau of Diplomatic Security (DS) has reviewed the Oregon Ballistic Laboratories official request for accreditation as a FE/BR test facility. Oregon Ballistics Laboratories has been determined to meet the DS proprietary testing protocol outlined in SD-STD-01.01, Revision G (Amended), Certification of Forced Entry and Ballistic Resistance of Structural Systems.

Oregon Ballistics Laboratories is approved and will be placed in the list of DS-Approved FE/BR Test Facilities for use by manufacturers effective October 18, 2011. This approval does not guarantee we will select your facility since it must compete with other facilities.

Thank you for your interest and endeavors in protecting our personnel and facilities overseas.

Sincerely Yours,

A handwritten signature in black ink, appearing to read "Richard J. Ingram".

Richard J. Ingram
Division Chief
Physical Security Division
Bureau of Diplomatic Security
